EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with an attorney of record, John Bruckner, on 5/27/05.

2. The application has been amended as follows:

In claim 1, line 8, -- which receives the main clock -- has been inserted after "loop".

In claim 4, line 2, -- phase lock loop -- has been inserted after "clock".

In claim 5, line 2, "a main clock" has been replaced by -- the main clock phase lock loop --.

In claim 6, line 2, "a main clock" has been replaced by -- the main clock phase lock loop --.

In claim 27, line 9, -- which receives the main clock -- has been inserted after "loop".

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: Claims 1-6, 15 and 27 are allowed.

Art Unit: 2816

Claims 1-6 and 15 are allowed because the prior art of record fails to disclose or suggest the inclusion of a step of adjusting the main clock by a main clock phase lock loop without the occurring of the phase built-out activity when the skip timer is loaded and the frequency offset signal is asserted as recited in claim 1. The inclusion of the recited limitation defines patentability over the prior art of record because it reduces the amount of time needed for the line interface unit to settle which is not taught by the prior art of record, alone or in combination.

As per claim 27, this claim is allowed for the reason noted in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Nguyen whose telephone number is 571-272-1748. The examiner can normally be reached on Monday, Tuesday, Thursday, Friday 7:00-5:30.
